Yes; more people are wearing glasses than ever before. It's not because our eyes are worse, but because we are learning how to treat them. But thousands are still straining their eyes—and not knowing of it. Some incur headache and nervousness; some escape these signs, but none escape the day of reckoning.

Consult Dr. Samuel—his office is in the Balcony Parlor of the Palais Royal, First floor.

This is certain—if you once interview Dr. Samuel, you'll feel he understands your eyes. With no charge for consultation, and even glasses costing as little as \$1.00 guaranteed for three (3) years, all fears are allayed.

A graduate of the new school of optometrists, Dr. Samuel often gives relief when others have failed.

**Each Piece Guaranteed 20 Years**

The "Derby Silver" and the "Apollo" Silverware are from makers with reputation earned, won, and held on merit. It's only because custom has ordained that new patterns be introduced each year, and custom says the old year patterns be sacrificed. Is it not laughable—what we all know the "new" are often not as artistic as the "old"?

You'll note the makers thus force a sale of their new goods—but also create bargains that you and we know how to profit by.
